

# Food Service Roll Foil

## & Pop Up Sheets

WILKINSON'S exclusive safety edge cutter boxes makes tearing individual foil sheets a snap. Processed according to industry standards, our brand roll foil provides even tears without the worry of sharp metal edges getting in the way.

## FOOD SERVICE FOIL PALLET PROGRAM

Wilkinson's pallet purchase program for distributors reduces factory warehousing costs and passes the savings on to you.

Each size roll foil product is pre-palletized on comugated skids in our distribution center. Pallet quantities vary with size.

Rolls and pop up sheets can be combined with aluminum and OPS containers to meet minimum distributor order requirements. Boxes are bar-coded for both warehouse and retail scanning.

For refrigerator storage, wrapping carryouts, cooking or freezing, Wilkinson food service foil comes in the sizes and gauges that meet your needs.

Our exclusive dual safety edge cutter. Roll foil is 100% recyclable.

Food Service Pop Up Sheets are available in several different sizes, and are also available in Gold.
